

How to export Bookmarks

Microsoft Edge

1. Open Microsoft Edge
2. Click on the three dots in the upper right-side to open the menu and then click “Favorites”
3. Click on the three dots in the Bookmarks menu
4. Click on “Export favorites”
5. Save the bookmarks file either in OneDrive or U:

Google Chrome

1. Open Google Chrome
2. Click on the three dots in the upper right-side to open the menu and then hover over “Bookmarks” and then click on “Bookmark manager”
3. Click on the three dots to open the menu and then click on “Export bookmarks” and choose U: or OneDrive as your save location.

Mozilla Firefox

Read the guide at the official site:

<https://support.mozilla.org/en-US/kb/export-firefox-bookmarks-to-backup-or-transfer>

Internet Explorer

Read the guide at the official site:

<https://support.microsoft.com/en-us/topic/move-internet-explorer-favorites-to-a-new-pc-a03f02c7-e0b9-5d8b-1857-51dd70954e47>

NOTE

Save your bookmarks in OneDrive or U: to make sure your bookmarks can be imported later when your computer is migrated.
