## Sammanfattning

### Inledning

Styrelsen för forskarutbildning (FUS) har sedan 2007 skickat ut en webbaserad enkätundersökning (Exit Poll) till samtliga doktorander vid Karolinska Institutet (KI) i samband med disputation eller licentiatexamen. De frågor som ställs i enkäten berör flera olika aspekter av doktorandtiden, såsom handledning, mentorskap, kurser på forskarnivå, administrativt stöd från institutionen och den centrala förvaltningen, doktorandernas studie- och arbetsmiljö, samt framtidsplaner efter examen.

Syftet med enkäten är att samla in information om hur KIs doktorander upplever sin utbildning. Informationen ligger sedan till grund för åtgärder för att förbättra utbildningen. Hösten 2009 infördes till exempel en obligatorisk introduktionskurs för alla nyantagna doktorander, utifrån doktorandernas önskemål. Ett annat exempel är att tydliggöra handledarrollen genom handledarutbildningar. Sedan 2008 har det varit obligatoriskt att genomgå en utbildning för att kunna bli huvudhandledare vid KI. Sammanlagt har ca 900 personer genomgått utbildningen under perioden 2008-2011. Kursutvärderingarna visar att kursen överlag fått mycket goda omdömen av kursdeltagarna.

Nedan följer en sammanfattning av resultaten i Exit Poll 2008 – 2012. Därefter presenteras tabeller och diagram för frågorna som ställs i enkäten. Tidigare sammanställningar av Exit Poll har gjorts vt 2007 (dnr: 3877/07-500), 2008 (dnr: 5793/09-500) och 2009 (dnr: 2547/10-500).

### Vilka har svarat?

Alla doktorander som ansöker om att få disputerat eller avlägga licentiatexamen vid KI får tillgång till enkäten genom en personlig länk via ett e-postmeddelande som skickas ut i samband med examinationen. Doktoranderna besvarar enkäten anonymt.

Under perioden 2008 – 2012 har 1930 doktorander blivit ombedda att svara på enkäten. Av dem har 1429 doktorander svarat, vilket ger en sammanlagt svarsfrekvens på 74 procent. Bland de som har svarat är 62 procent kvinnor och 38 procent män, vilket i stort avspeglar könsfördelningen bland de disputerade under perioden<sup>1</sup>. De flesta som har svarat har disputerat (96 procent) och övriga har avlagt licentiatexamen.

Den största gruppen av de svarande doktoranderna befinner sig i åldersspannet 25 – 35 år (44 procent). Nästan hälften av de svarande (49 procent) har barn under 18 år, varav 54 procent av männen och 47 procent av kvinnorna.

### Tiden före antagning och studietakt

Under perioden 2008 – 2012 anger 31 procent av de svarande att de har varit aktiva inom forskning mer än ett år före antagning, 44 procent att de varit aktiva

---

<sup>1</sup> Se Årsredovisning 2008, 2009, 2010, 2011 och 2012.

mindre än ett år och 26 procent att de inte bedrivit forskning före formell antagning. Andelen som inte bedrivit forskning före antagning har ökat från 13 procent till 29 procent mellan 2008 och 2012 samtidigt som andelen som varit aktiva mindre än ett år i förväg har minskat från 53 procent till 41 procent under samma period.

Sammanlagt har 55 procent av doktoranderna bedrivit heltidsstudier.<sup>2</sup>

## **Vetenskaplig miljö**

87 procent av doktoranderna är helt eller delvis nöjda med sin utbildning på forskarnivå vid KI och 88 procent av doktoranderna skulle helt eller delvis rekommendera KI som universitet för presumtiva doktorander. Om doktoranderna skulle ha valt om idag hade 86 procent påbörjat utbildning på forskarnivå och 76 procent hade valt KI.

Fyra femtedelar av doktoranderna bedömer att kraven inom utbildning på forskarnivå är lagom högt ställda. Däremot menar 45 procent att utbildningen tagit längre tid att genomföra än vad de inledningsvis förväntade sig.

## **Handledning**

62 procent av doktorandernas huvudhandledare är män. 72 procent av de doktorander som är män har en man som huvudhandledare, medan andelen bland de doktorander som är kvinnor är 56 procent. De flesta doktorander (94 procent) har en eller flera bihandledare. Elva procent av doktoranderna har bytt någon handledare under utbildningsperioden.

Doktorandernas övergripande omdöme om handledningens kvalitet och innehåll är bra, men på några områden finns förbättringsmöjligheter. Exempelvis svarar 29 procent av doktoranderna att handledaren i liten grad eller inte alls har diskuterat teori med dem och 37 procent anger att handledaren i liten grad eller inte alls har diskuterat doktorandens framtidsplaner efter examen. En majoritet (84 procent) av doktoranderna har haft uppföljning av sina individuella studieplaner och endast två procent anger att de inte hade en individuell studieplan.

Bland de doktorander som svarat på enkäten skulle 48 procent helt och 26 procent delvis rekommendera sin huvudhandledare för presumtiva doktorander.

## **Kurser och undervisning**

En majoritet av doktoranderna tycker att kvaliteten på kurser på forskarnivå har varit bra (76 procent) och relevant för avhandlingsarbetet (75 procent). 32 procent av doktoranderna anser dock att kursutbudet inte till fullo har uppfyllt de önskemål och behov som har funnits.

71 procent av doktoranderna har undervisat i någon grad under sin utbildning, men endast 20 procent har genomgått en högskolepedagogisk utbildning.

---

<sup>2</sup> Denna fråga ställdes inte i Exit Poll 2008, därav är totalt antal svarande 1159 istället för 1429.

## Information och administrativt stöd

50 procent skulle helt och 35 procent delvis rekommendera sin institution för presumtiva doktorander. Däremot är det endast drygt hälften av doktoranderna (55 procent) som svarar att de fick en bra introduktion och information av institutionen när de påbörjade utbildningen.

Fyra femtedelar (81 procent) av doktoranderna är helt eller delvis nöjda med det administrativa stödet från institutionen. Bland de svarande är 71 procent helt eller delvis nöjda med stödet från studierektor på institutionen.

## Arbetsmiljö

85 procent av doktoranderna håller helt eller delvis med om att studie- och arbetsmiljön på den egna institutionen är bra. Fem procent har upplevt och 14 procent har iakttagit diskriminering eller ojämlik behandling på KI p.g.a. kön. Gällande diskriminering och ojämlik behandling p.g.a. nationell eller religiös bakgrund anger 13 procent att de iakttagit och fem procent att de upplevt detsamma.

På frågan om doktoranderna har upplevt eller iakttagit trakasserier eller kränkande särbehandling anger tio procent av doktoranderna att de upplevt och nio procent att de iakttagit trakasserier eller kränkande särbehandling. En större andel av kvinnorna jämfört med männen har upplevt (elva procent jämfört med sju procent) och iakttagit (11 procent jämfört med sju procent) trakasserier eller kränkande särbehandling. På frågan vem som utsatt personen för detta svarar 52 procent av de som svarat att det är någon av handledarna.<sup>3</sup>

## Mentorskap och framtid

58 procent av doktoranderna har svarat att de har en mentor. Bland dem som svarat på frågan om vad de tycker om sin mentor har 67 procent angett att de helt eller delvis är nöjda med sin mentor.<sup>4</sup>

Nästan hälften av doktoranderna (49 procent) planerar för en post doc efter disputation, varav 29 procent på annat universitet i Sverige och 20 procent på ett universitet i ett annat land. 14 procent av doktoranderna planerar att jobba i den privata sektorn och 23 procent i den offentliga sektorn.

---

<sup>3</sup> Av totalt 331 svar.

<sup>4</sup> Endast 753 av 1429 personer har svarat på denna fråga.

# Exit Poll for doctoral students at Karolinska Institutet 2012

websurvey  
websurvey.textalk.se

In order to assure a high standard of doctoral education at Karolinska Institutet (KI), you are kindly asked to complete the following questionnaire. This will provide us with information that can be used to improve various aspects of doctoral education. The questionnaire is anonymous and your answers will be treated with utmost confidentiality. If you, as a doctoral student, have been subjected to harassment or degrading behaviour or have any other issues you would like to raise, please contact the graduate students' ombudsman at the Medical Students' Union (MF), the head of your department, the departmental director of doctoral education (studierektor på institutionen) or any other KI representative in whom you have confidence. More information is available at [ki.se/doctoral](http://ki.se/doctoral) Once a year the average statistics will be discussed at KI as well as by each departmental director of doctoral education in order to improve the quality of doctoral education at KI. Please answer the following questions based on the entire period you have been a doctoral student at KI. You are welcome to answer in either Swedish or in English. If you have any questions regarding Exit Poll, please contact Henna Harinen at FFU, KI ([henna.harinen@ki.se](mailto:henna.harinen@ki.se)).

 = Mandatory question

## GENERAL INFORMATION

### 1. Age

- 25-34       35-44       45-54       55-64  
 65 över

### 2. Which

KI  
department  
do you  
belong to?

--Choose--

### 3. Which degree have you recently applied for?

- doctoral degree       licentiate degree

### 4. If you have been admitted to studies for a licentiate degree, would you like to continue and complete a PhD?

- yes       no

### 5. If yes, why?

### 6. Are you registered for a PhD and will end your doctoral education with a licentiate degree?

- yes       no

### 7. If yes, why?

### 8. Have you performed your doctoral education full time?

- Yes       No

### 9. If no, what have you combined your doctoral education with?

- Clinical work       Work within industry       Teaching       Work at government sector (incl county council)

Other, please specify

### 10. Were you active in research at KI before formal admission to doctoral education?

Please, do not include time you dedicated to master courses/master programme.

- no (go to question 12)                       yes, 1-6 months  
 yes, 7-12 months                               Yes, 13-18 months  
 yes, 19-24 months                             yes, more than 24 months

 **11. If yes, under which circumstances?**

- As a clinician                       Within a research preparatory course (FFK)                       Temporary employment at KI: research assistant, internship (e.g. FoU-praktikant) or similar
- Other, please specify:

 **12. Gender:**  female  male  other

 **13. Nationality:**

 **14. Do you have children under the age of 18?**

yes  no

 **15. Higher educational background before you began your doctoral education?**

Please specify the area that corresponds to your higher educational background.

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> Natural science                     | <input type="checkbox"/> Biomedicine                         | <input type="checkbox"/> Odontology/dentistry              |
| <input type="checkbox"/> Medicine                            | <input type="checkbox"/> Health Science/nursing              | <input type="checkbox"/> Health Science/physiotherapy      |

| <input type="checkbox"/> Mathematics/statistics              | <input type="checkbox"/> Social Science, behavioural science |  |

 **16. If other educational background, please specify**

## GENERAL SCIENTIFIC ENVIRONMENT

 **17. Overall, I am satisfied with my doctoral education at KI**

- disagree     somewhat disagree     somewhat agree     agree

 **18. I would recommend KI to prospective doctoral students.**

- disagree     somewhat disagree     somewhat agree     agree

 **19. How do you experience the demands of doctoral education at KI?**

- too low     somewhat too low     reasonable     somewhat too high  
 too high

 **20. How do you perceive the time spent with your doctoral education?**

- It has taken less time than I expected     It has taken as much time as I expected  
 It has taken more time than I expected

 **21. Have you achieved the intended learning outcomes for doctoral education?**

Link to learning outcomes from the Education Ordinance (Högskoleförordningens mål för doktorexamen):

<http://ki.se/ki/jsp/polopoly.jsp?d=270&a=91589&l=en>

Link to learning outcomes from the Education Ordinance (Högskoleförordningens mål för licentiatexamen):

<http://ki.se/ki/jsp/polopoly.jsp?l=en&d=270&a=116610>

- All     The most     A few

 **22. If you could choose today, would you still choose to begin a doctoral education?**

- yes     no

 **23. If yes, would you choose KI as the university?**

- definitely not     probably not     probably     definitely

 **24. Additional comments:**

## SUPERVISION

 **25. I would recommend my principal supervisor to prospective doctoral students.**

- disagree     somewhat disagree     somewhat agree     agree

 **26. Is your principal supervisor?**

- female     male

 **27. Do you have co-supervisor(s)?**

- yes     no

 **28. If yes, how many of them are female/male?**

	0	1	2	3
female	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
male	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

 **29. Who, in practice, has provided most of your supervision?**

- principal supervisor     co-supervisor(s)

If someone else, please specify

 **30. To what extent has your principal supervisor:**

displayed interest in your doctoral education?	--Choose-- 
discussed methodological issues with you?	--Choose-- 
discussed theory with you?	--Choose-- 
provided constructive criticism of your research?	--Choose-- 
discussed your plans for the future with you?	--Choose-- 

 **31. Have you switched to another supervisor at your own request?**

- yes     no

 **32. If yes, what was the reason behind this?**

 **33. Has there been any follow up of your individual study plan during your doctoral education?**

- yes, and I am satisfied with the follow up     yes, and I am not satisfied with the follow up  
 no     I do not have an individual study plan

 **34. Additional comments:**

**35. How well do the following statements describe your course work during your doctoral education?**

	Not at all	Slightly	quite well	very well
The quality of the courses was consistently high.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The courses were relevant to my thesis work.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The courses offered fit in with my wishes and needs.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

**36. Have you taken part in a doctoral education programme/network?**

Yes       No (go to question 41)

**37. If yes, which programme?**

Allergy, immunology and inflammation  
Cellbiology and genetics  
Epidemiology  
Hörsel, öron, språk och tal (only in Swedish)

**38. I would recommend this programme as a doctoral format.**

disagree       somewhat disagree       somewhat agree       agree

**39. If yes, which network?**

Cancer  
Circulation and respiration  
Endocrinology and metabolism  
Infection

**40. I would recommend this network as a doctoral format.**

disagree       somewhat disagree       somewhat agree       agree

**41. Estimate (in percentage) how much teaching you did during your entire doctoral education.**

(0 - 100 %)

**42. Have you taken part in any teacher training session for doctoral students or teachers?**

Yes       No

**43. I have enjoyed teaching during my doctoral education.**

disagree       somewhat disagree       somewhat agree       agree

**44. Additional comments:**

**INFORMATION AND ADMINISTRATIVE SUPPORT**

 **45. I would recommend my department to prospective doctoral students.**

- disagree     somewhat disagree     somewhat agree     agree

 **46. I received good introduction/information from the department when I started my doctoral education.**

- disagree     somewhat disagree     somewhat agree     agree

 **47. I received good administrative support from the departmental administrators during my doctoral education.**

- disagree     somewhat disagree     somewhat agree     agree

 **48. I received good assistance from the departmental director of doctoral education\* during my doctoral education.**

\*Insitutionens studierektor för forskarutbildning

- disagree     somewhat disagree     somewhat agree     agree

 **49. Additional comments:**

## WORKING ENVIRONMENT

If you, as a doctoral student, have been subjected to harassment or degrading behaviour or have any other issues you would like to raise, please contact the graduate students' ombudsman (do@mf.ki.se) at the Medical Students' Union (MF), the head of your department (prefekt), the departmental director of doctoral education (studierektor på institutionen) or any other KI representative in whom you have confidence. Contact information can be found at [ki.se/doctoral](http://ki.se/doctoral)

### 50. I enjoyed a good working environment at the KI department.

- disagree     somewhat disagree     somewhat agree     agree

### 51. Have you noticed or experienced unequal treatment/discrimination at KI:

due to gender?	--No answer--
due to age?	--No answer--
due to nationality or religious background?	--No answer--
due to sexual orientation?	--No answer--

### 52. Have you noticed or experienced degrading behaviour or harassments at the department during your doctoral education?

- no (continue to question 58)     yes, I have noticed  
 yes, I have experienced     yes, I have both noticed and experienced

### 53. If yes, what kind of degrading behaviour and in what kind of situation?

### 54. If yes, by whom?

- by fellow PhD students     by undergraduate students  
 by member of teaching staff     by supervisors  
 by administrative staff     by other categories of people

### 55. Additional comments:

## MENTORSHIP

An external mentor complements the work of the supervisor. The external mentor's main task is to be a support to the student on a more personal level concerning i.e. career planning, support in conflicts and to provide contacts in sectors outside of KI. The purpose is not to help with the scientific education.

 **56. Do you have an external mentor?**

- yes  no (continue to question 62)

 **57. If yes, how many occasions have you met your external mentor during the entire period?**

- none  1-5  6-10  >10

 **58. I received good mentoring by my external mentor during the doctoral education.**

- disagree  somewhat disagree  somewhat agree  agree

 **59. Give some good examples of experienced mentoring:**

**THE FUTURE**

 **60. What do you plan to do after your PhD/licentiate degree?**

 **61. If other, please specify?**

 **62. Provide any additional comments:**
