

JOHAN FRITZELL

Selection of publications (10) and List of Publication 2012-2020 (5 pages)

Selection of publication (10)

Celeste R.K., Eyjólfsdóttir, H.S., Lennartsson, C., **Fritzell, J.** Socioeconomic Life Course Models and Oral Health: A Longitudinal Analysis. *Journal of Dental Research*, 99(3), 257–263, 2020.

Contributed to the study idea, design, interpretation of results and critical review of the manuscript at different stages. The paper has a life course perspective and focus on how socioeconomic inequality in indicators of oral health changes over the life course.

Fritzell, J., Lennartsson, C., Zaidi A. Trends and Inequality in the New Active Ageing and Well-Being Index of the Oldest Old: a Case Study of Sweden. *Journal of Population Ageing*, <https://doi.org/10.1007/s12062-020-09264-9>, 2020.

Main responsibility for idea and writing. The study starts of from the Active ageing field and in contrast to most active ageing studies it focuses on the situation for the oldest old and on inequalities in indicators of active ageing and well-being.

Rehnberg, J., Fors, S., **Fritzell, J.** Divergence and Convergence: How do income Inequalities in Mortality change over the Life Course?, *Gerontology*, 65: 313-322, 2019.

Contributed to the study idea, design and critical review of drafts and the final manuscript. The study focus on differential mortality risk by income group over the life course.

Heap, J, **Fritzell, J.**, Lennartsson, C. (2018) Associations between and coexistence of disadvantages in the oldest old people in Sweden: Patterns of change between 1992 and 2011. *Journal of European Social Policy*, 28 (3) 197-210.

Contributed to the study idea, design and writing of drafts and final manuscript. The article studies coexistence of disadvantages among the oldest old.

Celeste, R.K., **Fritzell, J.** Do Socioeconomic Inequalities in Pain, Psychological Distress and Oral Health Increase or Decrease Over the Life Course? Evidence from Sweden over 43 years of follow-up, *Journal of Epidemiology & Community Health*, 72:160-167, 2018.

Celeste and Fritzell contributed equally to all phases of the manuscript. In line with the present proposal the study uses a life course and cohort perspective focussing on accumulation of disadvantages.

Mortensen L, Rehnberg, J, Dahl, E. Diderichsen, F, Elstad, JI, Martikainen P, Rehkopf, D, Tarkianen, L, **Fritzell, J.** (2016) Shape of the association between income and mortality. A cohort study of Denmark, Finland, Norway and Sweden in 1995 and 2003, *BMJ Open*. Main responsibility for idea and writing together with Mortensen and Rehnberg. One fo the first comparative studies on income-mortality associations that also includer older segments of the populations.

Fritzell, J., Rehnberg, J., Bacchus Hertzman, J., Blomgren, J. (2015) Absolute or relative? A comparative analysis of the relationship between poverty and mortality, *International Journal of Public Health*, 60: 101-110.

Main responsibility for idea and writing. This comparative study focus the extent of poverty and mortality between countriesa across time. Gives an insight in how policies may influence mortality risks.

Fritzell, J. (2014) Health inequality and social justice, pp. 339-352 in *The Routledge International Handbook of Social Justice* (M. Reisch, ed.). London: Routledge.

This chapter includes a theoretical/philosophical discussion about ienqualit with clear relevance for the proposal.

Lundberg, O. Åberg Yngwe, M. Kölegård Stjärne, M. Elstad, J:I. Ferrarini, T. Kangas, O. Norström, T. Palme, J., **Fritzell, J.** (2008) The role of welfare state principles and generosity in social policy programmes for public health: an international comparative study, *The Lancet*, 372: 1633-40.

Contributed to the design, interpretation of results, discussion. Together with the three first authors main responsible for the writing of manuscript. The article emanates from the NEWS-project, which I led together with Lundberg, and which was initiated in collaboration with Sir Michael Marmot and the WHO Commission Social determinants of Health.

Fritzell, J.; Lundberg, O. (editors.) Health inequalities and welfare resources: Continuity and change in Sweden. Bristol: Policy Press, 2007 (and four chapters therein)

Editor and (co)author of four chapters in the volume, including a study on cohort differences with clear relevance for the proposal.
